Mike, I'm on leave the first three days, so let me check the latter two with our schedules and the team. If the 23rd or 24th works, I'll confirm.

Subject: REVISED Request for Meeting Regarding Alon Injection Wells

David and Michael,

Earlier today I sent a request asking to meet next week regarding Alon's injection wells and the Class I Aquifer Exemption and UIC permit. However, one of Alon's team member's now has a schedule conflict during that week.

Alon is now asking to meet on one of the following days:

June 15th

Afternoon of June 16th

June 17th

June 23rd, or

June 24th

Please let me know if any of these days work with your schedule, and what time you would like to meet.

I apologize for any inconvenience.

Best regards,

Robert Lorton
